Education

Ph.D (Demography), **University of California, Berkeley**, *Expected 2017*.
M.Arts (Statistics), **University of California, Berkeley**, 2015.
M.Social Research (Demography), **Australian National University**, 2013.
B.Science (Hons) (Mathematics and Chemistry), **University of Tasmania**, 2008.

Professional Experience

World Health Organization

Consultant September 2016 – *Current*
I am working on building a framework to help inform modeling decisions made for estimating national health indicators related to mortality and family planning.

Data Science for Social Good

Fellow May 2016 – September 2016
I applied machine learning techniques to help identify students in grades K-2 who are at high risk of not being on third grade reading level.

Human Mortality Database

Graduate Student Researcher January 2015 – May 2016
I estimated mortality rates and construct lifetables for small populations and populations that do not have reliable mortality data. Mortality is modeled by applying a combination of traditional model life table techniques and Bayesian methods.

UNICEF Technical Advisory Group

Consultant March 2014 – July 2015
I constructed a model to estimate neonatal mortality rates for all countries worldwide based on data from a wide range of sources.

The Centre for Aboriginal Economic Policy Research

Research Officer April 2012 – December 2014
I helped research and write papers related to Australian Indigenous policy, particularly in the areas of employment and education.

Reserve Bank of Australia

Analyst/Senior Analyst February 2010 – June 2013
I conducted research on topics related to currency, as well as preparing periodical analytical reports. I was responsible for the creation, maintenance, and analysis, of large databases. I also gave currency-related presentations and had some supervisory responsibilities.

Teaching Experience

University of California, Berkeley

Instructor, Formal Demography Workshop, Berkeley 17–21 August, 2015
Graduate Student Instructor, Demographic Methods Fall Semester, 2014

University of Tasmania

Tutor, Calculus and Applications I

Semester 1, 2009

Tutor, Data Handling and Statistics I

Semester 2, 2008

Demonstrator, Chemistry I

Semester 1, 2008

Honors

Elizabeth Scott Memorial Award (for promise in statistical research)	2015
Regents-Intern Fellowship (merit-based multi-year funding award)	2013-2015
Lado Ruzicka Prize in Social Research (for academic excellence)	2013
W.D. Borrie Prize (for best student paper on a population-related topic)	2012
University Medal	2008
Edith Rita Lowenstern Prize (for best mathematics honors student)	2008
Australian Student Prize (for academic excellence in secondary school)	2004
